From the President

Happy New Year to all my fellow Sewing Enthusiasts! (Free-Form Fabric Fitting Fanatics)

The start of a New Year is always an exciting time, full of new goals, fresh starts, and renewed aspirations. This year is exciting as I look forward to serving as your ASG Chapter President.

Marla served us very well with her leadership and seamless expertise and I very much appreciate the support and mentorship she continues to give.

We have many exciting events coming this year. One suggestion we received was to increase the number of mini-retreats from 3 to 4, Marla was able to secure this for us.

At the Christmas party, I shared the idea of challenging ourselves with a theme for our projects. The first theme of the year is for January "Fresh Starts and Clean Sewing Rooms" for this challenge you will finish up some of your UFOs (Un-Finished Objects). Present your best!

The monthly themes of the year are in this newsletter.

I look forward to serving you this year, please let me know any ideas or suggestions you may have as I want our chapter to be ever-growing and engaging.

Sincerely,
Andrea Mulkey

Membership Benefits

Sewing Classes and Special Events

Whether you're new to sewing, returning to sewing, looking to advance your sewing skills or just want to participate in on virtual group meetings, you will find ASG's free online sewing classes and programs a major benefit of membership.

Discounts

Many local retailers offer discounts to ASG members. Be sure to ask when you shop, "Do you offer an ASG discount?"

In addition, almost half of the advertisers in Notions, our quarterly publication, also regularly offer discounts on their sewing products, publications and events, free shipping, and lots more. Those Special Offers are listed and updated every quarter on the password-protected Members Only section of this Web site. Join now to receive your password, and take advantage of the great benefits of membership in the ASG!

Chapter Meetings

Think of a chapter as a community of people who are excited about sewing. All kinds of people! Some with advanced or professional sewing skills, some novices at the beginner level, and the majority who fall somewhere between those two levels. They want to learn new skills, they want sewing friends to share their successes and challenges, and they want to belong to a group that will support their adventures in sewing.

Chapters come in all sizes - larger chapters often sponsor quarterly chapter-wide special events that may feature local or national speakers, member fashion shows, or specialty workshops. Some chapters also sponsor many smaller neighborhood or special interest groups within the larger structure which meet more frequently (usually monthly). Smaller chapters may meet on a monthly basis as one group. Often, these local Neighborhood Groups provide opportunities for sharing ideas and "hands-on" sewing experiences in a smaller, more social atmosphere. Find a chapter in your area.

Conference

ASG members pay a special member's price for conference registration where attendees participate in workshops and seminars taught by nationally recognized professionals. Members may also shop the Exhibit Hall, enjoy special events and attend optional workshops and tours. Visit our Conference page for more information.

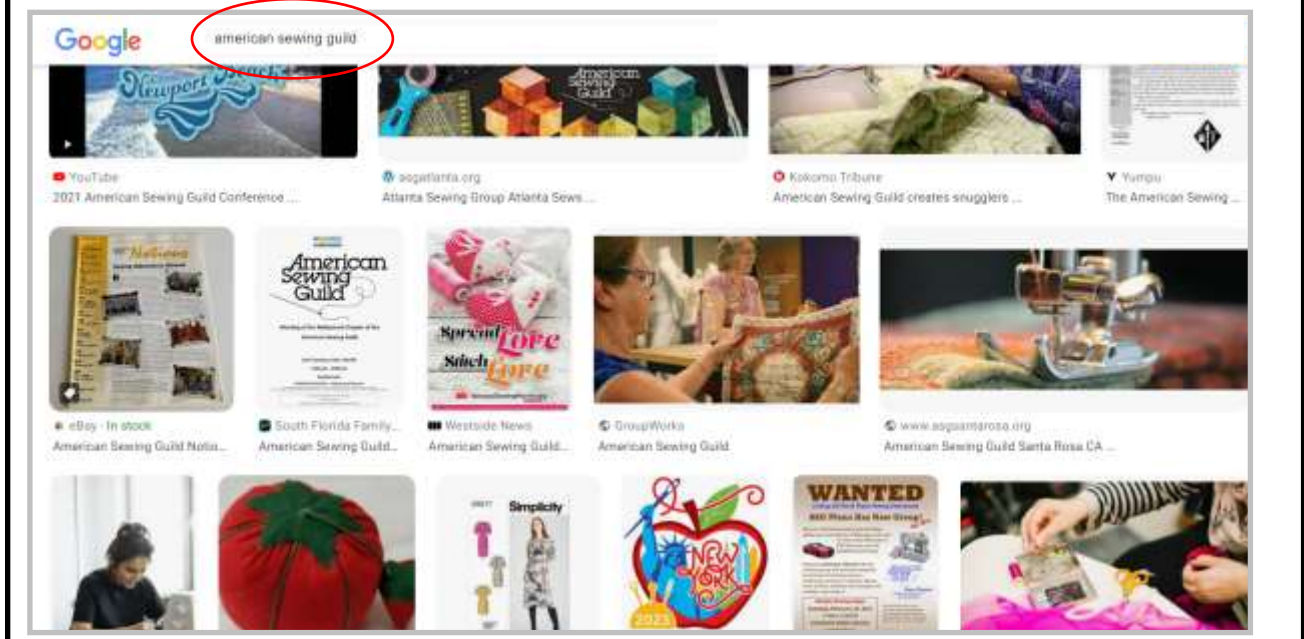

ASG Chapters publish a newsletter 4-6 times a year that communicates local Chapter events, neighborhood group locations and activities, lists of discounts with retailers and features special interest articles.

Notions

Members receive regular ASG Notions emails with news, articles and more. In addition, most ASG Chapters publish a regular newsletter that communicates local Chapter events, neighborhood group locations and activities, lists of discounts with retailers and features special interest articles.
